

TAHOE CITY MARINA PARKING STRUCTURE

PROJECT NO. 2850

SUPERVISORIAL DISTRICT 5

- VICINITY MAP -

- LOCATION OF PROPOSED PARKING STRUCTURE -

PROJECT DESCRIPTION

Placer County proposes to construct a public three level, approximately 135-space public parking structure with a footprint covering approximately 18,500 square feet. The parking structure will provide vehicular access directly to SR 28 via the existing Tahoe Marina access driveway. The structure design incorporates storm water retention and filtering elements so that treated water can irrigate the proposed planters and the landscaping. An architect and design team have been preparing plans and specifications.
